REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

With the cancellation of claim language encompassing non-sulfonyl-urea compounds, the Written Description rejection is now withdrawn.

The claims of the Instant Application encompass a method of inhibiting cholesterol uptake in the gut of an animal using known sulfonylurea or "sulfonyl-urea" compounds. The claims are directed to use of antagonists of ABC1 to inhibit transport of cholesterol from the intestinal lumen to the blood. The claims are free of the prior art, as the methods have not been demonstrated in the prior art. The specification provides experimental evidence of utility and enablement under 35 U.S.C. 112, first paragraph. The claims also meet 35 U.S.C. 112- second paragraph requirements because the claims point out and distinctly claim the invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
